

Innovative Therapies for Kids –
Resources for Families

February 28, 2011

To Whom It May Concern:

The Therapy Place, Inc. is a new pediatric therapy center in Columbia. We opened in May of 2010 in a 7,500 square foot facility and are providing innovative traditional and nontraditional therapies for special needs children across our state.

Please consider a sponsorship at our 3rd annual golf tournament held this spring at Spring Valley Country Club. Proceeds from our tournament provide scholarships for families who aren't able to afford the intensive therapies out of pocket as well as help us with overhead and equipment purchases that keep us in operation. Suggestions are a "Friends" level or hole sponsorship and/or a donation of a gift certificate for use as a door prize or auction item.

We are so thankful for your consideration of this request. We hope to become partners with you as we grow to become THE pediatric therapy center in the Columbia area. We hope that you see the benefits for your company, as well as how this donation will benefit the special children we serve.

Feel free to contact me. I'd be happy to set up a tour of our facility or speak to you directly about this opportunity.

Thank you!
